

Hey there Deer Park, Its Ms. Krapfl with your weekly school news.

- Wednesday this week is picture re-take day. Remember all My School Online Students are invited to come have pictures done as well and this will be the picture that goes in the Year Book.
- We are having a lot of fun with the APEX Fundraiser. Be sure to ask your children to see their bracelets and tell you about the character building lessons. There have been so many thank you gifts passed out to students and each day myself and Mrs. Sass have enjoyed a lovely spray painting of our hair from top pledge getters. Thank you all for your participation. My School Online students are invited to run at school as well. Be sure to check your drop off and pick-up time as your child will be running with their own class. Final prize day is Friday this week and of course if we meet our goal then yours truly will be kissing a cow! Oh My!
- Just a reminder that report cards are posted. If you need help viewing please don't hesitate to call the front office.
- Unfortunately, I have to report that we had another positive Covid 19 case. However, no close contacts happened and no quarantines are necessary. Again, I want to reiterate the importance of hand washing, appropriate mask wearing, and students as well as staff staying home when sick. This is exactly what most families have been doing and why we have had very little quarantines necessary. I just want to say that we all appreciate erring on the side of caution.

Thank you again for all the support, I know this week will be a great week at The Park!
