

Hey there Deer Park Bucks! It's Ms. Krapfl with your weekly school news. Hope this Sunday call finds you healthy and enjoying some quality time with your family! This call will be all about communication and next steps. If you haven't yet had the chance to check out our school website or Facebook page you should as both are filled with important information you will need as we kick off Distance Learning this week. I assure you my staff is here to support and help students along, with this new style of on-line learning. Teachers have been working hard on setting up their Canvas pages, learning how to do Zoom conference calls, as well as creating Google voice numbers so you can talk to them directly. Our office phone will still be answered by our wonderful school secretary Miss Skylar Monday through Friday 8 am to 4pm. She will take a message and get it to the appropriate person. If you get the voicemail please leave a message and she will call you back as she can only receive one call at a time using Google voice. Teacher teams are working together to make sure you hear from one of the teachers on the team between the hours of 8 am to 8 pm Monday through Friday. Our website has all emails for you to use directly and you can continue to seek help through your teacher's normal digital communication such as Remind, Class DOJO or Bloomz app. Our website has contact information for technical support if you are struggling to get in your child's MyPascoConnect account or if you struggle with the Funky password needed. Lastly, remember that tomorrow is pick up day at the school if your child needs to borrow a device to use. Pre-K through 2nd grade can drive through the car loop from 1:30 to 3 p.m. and will be given an ipad, a charger as well as directions to get started. Intermediate families can come through the loop from 3:00 o'clock to 4:30 pm. We have plenty of devices to meet the demand of our student population so we encourage you to stagger through and not worry about being the first in line. We are asking 3 important things as you begin arriving on MOnday. There are absolutely NO walk ups allowed. To keep everyone safe we need you in a vehicle. Secondly to keep traffic organized the best way possible we are asking that the line heads out the car loop and continues down Troublecreek towards Dollar General. This is the safest way to hopefully not cause any car accidents and the fairest way to keep anyone from jumping the line. Lastly, to keep our staff safe, we ask that once you arrive at car loop spots #1, 2 and 3 that you turn off your car air conditioning. If you missed any of these details I will be posting it to our Facebook page as well as our website for you to reread. Again, we will get through this together and appreciate everyone's support as we head down an unknown path.
